Dear Mr. and Mrs. Felton:

I am writing on behalf of High Point High School to express our appreciation for your excellent supplemental education support services and your flexibility implementing them. Certified Learning Centers has been a valuable resource for all our students, especially the lower-achieving Special Education, Learning Disabled, and ESL students. CLC's team of professionals has always been available for psycho-educational testing, counseling, and specialized tutorial instruction for students with learning disabilities in reading and mathematics. We have seen lower-achieving students make remarkable progress after receiving your specialized instruction, often jumping six months ahead in their reading and math skills. For many it's meant earning needed school credit during your summer programs, graduating, and even being accepted to college.

We have also seen achievements (both in grades and in test results) from those students who have taken your SAT Prep course; test scores have increased anywhere from 50-350 points.

High Point High School looks forward to your continued expertise in assisting our school families to achieve their educational goals.

Yours truly,

A handwritten signature in cursive script that reads "Dale Castro".
